

NIYOGUSHIMWA NATHANAEL

Website Developer

About Me

A passionate Full-Stack Developer with experience in both front-end and back-end development, I thrive on crafting user-friendly interfaces and building robust, scalable applications. This dual expertise allows me to bridge the gap between design and functionality, ensuring a seamless user experience from concept to execution.

EXPERIENCE

Byte Canvas Group

Kamembe - Rwanda

2023 - 2024

For two years, I honed my skills as an innovative Front-End Developer at Adjmar Nova, a company specializing in website development and graphic design. There, I played a key role in crafting user-centric interfaces and implementing cutting-edge technologies to deliver exceptional web experiences for clients.

Emosky Group

Kigali - Rwanda

Active

Leveraging my soft skills and 2+ years of experience as a UX/UI Designer at Emosky Group, I craft innovative user experiences and user interfaces that prioritize client satisfaction. Through clear communication and a deep understanding of user needs, I ensure every design solution is not just visually appealing but also intuitive and user-friendly, ultimately exceeding client expectations.
